

Dr. Ph Reynier has settled in 2006, Ingénierie et Systèmes Avancés, a private company mostly working for R&D activities. He received his Master in Mechanical Engineering from the University of Bordeaux in 1990, and in Fluid Mechanics (M.Sc.) in 1991 from the Institut National Polytechnique of Toulouse, where he obtained his Ph.D. in Fluid Mechanics in 1995. Since 1995 he has worked successively with CNES, DLR and ESA/ESTEC as research fellow then research engineer in propulsion, aerothermodynamics and aerodynamics. He has worked on several European projects such as Ariane 5, Huygens, ExoMars, IRDT, and ATV.
