

PRACE Winter School 2021-Converging HPC Infrastructure &
Methodologies

Contribution ID: 8

Type: **not specified**

Heterogeneous HPC and remote visualisation on AWS, hands-on practice.

Wednesday, December 8, 2021 1:00 PM (1 hour)

Demonstration of Heterogeneous (CPU, GPU, Graviton, etc) HPC infrastructure for performance optimization demonstrated with common applications, including remote visualisation

Presenter: BARUFFA, Fabio (HPC Solutions Architect, AWS)
