

Dr. Jussi Enkovaara

Jussi Enkovaara is a senior application scientist in high performance computing at CSC - IT Center for Science, Finland. He received his Ph.D. in computational physics in 2003 from the Helsinki University of Technology. He has worked as post-doc researcher in Research Center Juelich, Germany, and started at CSC in 2005. His scientific background is in electronic structure calculations for condensed matter systems. Current research interests include development of massively parallel methods for density-functional theory and time-dependent density-functional theory based simulations.
