PRACE Summer of HPC 2017 Training Week  
3 July 2017, Ostrava

# What is PRACE outreach?

## What is SoHPC and what are its aims?

The Summer of HPC (SoHPC) programme will offer undergraduate and junior postgraduate university students the opportunity to spend two months of the summer at a HPC Centre in a PRACE partner country.

The primary goal of the SoHPC is to ensure *a positive experience for all students* and through that experience to encourage them in their path to become the next generation of HPC users.
