

1991 - Master degree in chemistry at the University of Firenze (I)
1992 - Grant with IBM
1996 - PhD in Chemical sciences at the University of Pisa (I)
1996 - PostDoc in Southampton (UK)
1997 - PostDoc at Scuola Normale Superiore (Pisa, I)
1997-2006 - Researcher in National research council (CNR),
Institute for macromolecular studies (Genova, I)
2007-today - Senior researcher at CNR, Institute for chemistry
of organometallic compounds (Firenze, I)
2003-2005 - Associated to Center of magnetic resonance
(CERM) of University of Firenze (I)
2012-today - Associated to Institute of nuclear physics
(INFN) of Italy.

Short term visits:

Centre of biomolecular physics (CNRS, Orleans, F), 1998-2001;
Institute of molecular sciences (Okazaki, Japan), 2003;
Laboratory of coordination chemistry (CNRS, Toulouse, F), 2009-2012;
Institut of physics (PAN, Warsaw, PL), 2017-2019.
