

Thomas Lippert got his diploma in High Energy Physics at the University of Würzburg in 1987. In 1993 he received a PhD in Theoretical Physics at the University of Wuppertal and 1998 a PhD in Computer Science at the University of Groningen.

Since 2004, Thomas Lippert is director of the Jülich Supercomputing Centre and Executive Director of the John von Neumann Institute for Computing. He holds the chair for Theoretical Computational Physics at Wuppertal University. In 2007 he became Director of JARA-HPC (Jülich Aachen Research Alliance). Since 2013 he is member of the Human Brain Project (EU-Flagship) as Director of the High Performance Analytics and Computing (HPAC) Platform. In 2015 he became Member of the Board of Directors of the Gauss Centre for Supercomputing (GCS). Since 2018 Thomas Lippert is the Chair of the Council of the Partnership for Advanced Computing in Europe (PRACE) and he is member of the RIAG of the EuroHPC Joint Undertaking.
