

## **EuroHPC Summit Week 2020 including PRACEdays20**

**Wednesday 25 March 2020, Session “Bringing your authentic self to work”, 15:20 – 15:40**

**Alfredo Carpineti** : Being LGBTQ+ In STEM

### **Abstract:**

What is it like being LGBTQ+ in a STEM field in this day and age, what are the challenges, what is being done and how can you help.

### **Short Bio:**

Alfredo Carpineti is an astrophysicist, journalist (IFLSscience), science communicator, and social activist.

He's the chair and founder of Pride in STEM, an award-nominated charity working to raise the profile and showcase the work of LGBTQ+ people working in STEM. He was one of the organisers of International Day of LGBTQ+ people in STEM.
